HISTORIC & MODERN

The unique architectural dichotomy between these two buildings makes this project a symbol of all that is exceptional about West Palm.

A state-of-the-art, modern workplace, the buildings are connected by an activated passageway, shared access, and more importantly, by a fresh perspective on the intersection of life and work.

111 Olive Lobby Entrance

300 Banyan Lobby Entrance

111 Olive boasts a respectful preservation of the facade of the historic Art Moderne building designed by acclaimed Architect John Volk. Anchoring the popular corner of Clematis Street and Olive Avenue, it celebrates the city's vibrant past from one of its most significant locations.

300 Banyan propels West Palm towards the future as its first boutique, ground-up Class-A office building. Its extraordinary views provide a daily reminder of the city's urban evolution and its coastal charm.

PARADISE & PRODUCTIVITY

Incomparable sun, sand, and scenery make West Palm Beach a paradise destination and the perfect environment for productivity. With 160 more hours of sunshine per year than in New York (that's nearly a month's worth of daylight!), there's ample time for everything you want to experience and achieve.

A NEW FOCAL POINT

West Palm is experiencing unprecedented growth and investment. No longer limited to snowbirds and retirees, it is attracting families, digital nomads, and executives looking for a better quality of life. Palm Beach is Florida's top county for population and income growth by a wide margin.

CENTRAL & CONNECTED

300 Banyan & 111 Olive sits on an iconic corner of the most notable streets in West Palm, Clematis and Olive. Considered the heart and soul of the city, Clematis Street has stood as the center of dining, shopping, and culture for 13 decades and counting. The lively promenade is an easy walk to the waterfront and other nearby attractions.
